This note of appreciation is intended to include those in the personnel of the band, those appearing in support, and all others who in any way have assisted in its development, as well as the school and the general public, for their favor and support, and also to the merchants of Knox for the programs and tickets furnished for this concert.

We desire especially to take this opportunity to express our deepest appreciation to our School Trustee and the Advisory Board for the purchase of the bass and snare drum for our School Band.
